

# Grow Up!

The **QUIC™ PC** on CD-ROM is now available for Mathematics and Communicative Arts, Form G.

The **QUIC™ PC** was developed to allow even greater flexibility for customers who prefer computer testing. The CD-ROM takes the place of the QUIC Form G booklets and answer sheet so testing requires only the CD-ROM and a PC, which uses Windows 2000, XP or Vista.

STS will ship the CD-ROM for free and uses can be purchased in groups of 25 or 50. Additional uses can be purchased at any time by contacting STS by phone, fax or e-mail.

**D** pinpoint the correct curriculum level for your growing students in just thirty-five minutes or less with the **QUIC™** tests in mathematics and communicative arts.

### Simple

- ✓ one test for grades 2–12
- ✓ color-coordinated materials for administrative ease
- ✓ separate self-scoring response form
- ✓ now scored by STS
- ✓ now available for PC

### Convenient

- ✓ virtually self-administered
- ✓ testing time is thirty-five minutes or less

### Cost-Effective

- ✓ reusable test booklets
- ✓ minimal recurring costs

### Instant Feedback

- ✓ instant access to results
- ✓ immediate use of data
- ✓ decisions implemented without delay

### Multiple Applications

- ✓ screening and placing students
- ✓ periodic reassessments
- ✓ pre- and posttesting for remedial programs
- ✓ checking class performance
