- Accepted
- Not Accepted
- On Waiting List

## YOUR STUDENT'S SCORES

### Bo Abrams

Test Center: SCHOLASTIC ACADEMY (YY001)

Form: 02J

Elem: 020

Optional Codes: 192699

Choices/Other:

1st: 10 2nd: 13 3rd: 09 4th: 5th:

	Standard Scores	National Percentiles	Grade Equivalent
Verbal Skills	488	48	
Quant. Skills	446	32	
Total Cog. Skills	469	38	
Reading	532	63	9.2
Math	420	25	6.7
Language	573	83	10.6
Total Basic Skills	506	55	
Composite	492	47	

Your student's performance on each area of the test is reported above. (Standard scores range from 200-800. Percentiles range from 1-99.)

**National percentiles** tell you the percentage of students in the national sample who had scores lower than yours. For example, if your student's Verbal Skills percentile is 55, this means that 55% of students received scores lower than yours. **Grade equivalents** are available for Reading, Math, and Language, and compare your student's performance with those of other grades. If one were to test in January of grade 8, for example, and attain a Reading GE of 10.5, this means they scored as well on the grade eight material as a mid-year grade ten student would have on the grade eight material.

## WHAT THE TEST MEASURES

**Verbal Skills** This test measures how well you perform reasoning tasks involving the use of words. Your ability in this area is related to your performance in language, reading and various areas within social studies.

**Quantitative Skills** This test measures your ability to do reasoning problems involving numbers and quantities. This ability is related to performance in mathematics, sciences and other areas that deal with numbers and things.

**Total Cognitive Skills (TCS)** This score is a total of the Verbal Skills and Quantitative Skills subtests.

**Reading** This test measures your ability to remember important ideas and significant details, recognize central thought or purpose, make logical inferences and understand vocabulary in context. Since good reading habits and skills are essential to learning, thinking and problem solving, this score is usually related to your overall success in school.

**Mathematics** This test not only measures your ability to perform arithmetic operations and apply math concepts to solve problems, but also your knowledge of important concepts and ability to reason. Your score on this test tells you how well you are prepared for high school mathematics.

**Language** This test measures your knowledge of capitalization, punctuation, grammar, spelling, usage and composition.

**Total Basic Skills (TBS)** This score is a total of the Reading, Mathematics and Language subtests.

**Optional Test** The option test is a 40 item test in either Science or Religion.

**Battery Composite** This score is a total of the Verbal, Quantitative, Reading, Language and Mathematics sections of the battery.
